

## *Defoamer A*

**DEFOAMER A** is an active agent that eliminates foaming problems. It is effective in controlling foam arising from well stimulation.

**DEFOAMER A** is designed to knockdown defoaming and sustained antifoaming in a wide range of solutions

**DEFOAMER A** does not cause a significant viscosity build and disperses well.

<b>Specific Gravity:</b>	0.861
<b>Appearance/Odor:</b>	Clear to Amber
<b>Solubility:</b>	Oil/Water

*See MSDS*

**DEFOAMER A** is recommended at 0.5 - 2 gallons per thousand

**DEFOAMER A** is available in 5 gallon pails or 55 gallon drums.
